### Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

- 1. The contract must be coded to one of the combinations listed on the icon below.
- 2. The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).
- 3. Only list contracts that were paid over \$25,000 for the fiscal year.

Use the resources to the right to determine if the contract should be listed below.

[Indirect Cost Rate Plan](#)

Column A, B, C, D below must be completed for each contract. Enter Column B without hypens. Ex) 101000600

Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).

The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (tab 41) for Program Year 2026.

Enter Fund-Function-Object Name, Where the Expenditure was Recorded (Column A)	Fund- Function- Object Number (Column B)	Enter Contracted Company Name (Column C)	Enter Current Year Amount Paid on Contract (must be less than or equal to amount reported in the AFR's "Expenditures 16-24" tab) (Column D)	Contract Amount Applied to the Indirect Cost Rate Base (Column E)	Contract Amount deducted from the Indirect Cost Rate Base (Column F)

3	The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell F11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.					
4	- If the FY 2025 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.					
5	- If the Annual Financial Report requires a deficit reduction plan even though the FY2025 budget does not, a completed deficit reduction plan is still required.

## **Independent Auditor's Report on Annual Financial Report**

To the Governing Board  
Henry-Stark Counties Special Education District No. 801  
Kewanee, Illinois

### **Opinions**

We have audited the accompanying financial statements of Henry-Stark Counties Special Education District No. 801 (the District) which comprise the Statement of Assets and Liabilities Arising from Cash Transactions of each fund and account group as of June 30, 2024, and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balances (All Funds), the Statement of Revenues Received (All Funds), and the Statements of Expenditures Disbursed - Budget to Actual (All Funds) for the year then ended and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of each fund and account group of the District as of June 30, 2024, and each funds' respective revenues received, expenditures disbursed, other sources (uses) and changes in fund balances, revenues received, and expenditures disbursed -budget to actual, for the year then ended in accordance with the financial reporting provisions of the Illinois State Board of Education as described in Note #1.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2024, or changes in net position or cash flows thereof for the year then ended.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note #1, the financial statements are prepared by the District on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note #1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information as listed in the "Supplementary Schedules" section of the table of contents are not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the supplementary information as listed in the "Supplementary Schedules" section of the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the “Illinois School District Annual Financial Report”, “Statistical Section”, and “Other” sections as listed in the table of contents, but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

The answers and comments contained in the Auditor’s Questionnaire on pages 3-4 are based solely on the procedures performed and data obtained during the audit of the basic financial statements of the District as of and for the year ended June 30, 2024.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2024, on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control over financial reporting and compliance.

## **Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

To the Governing Board  
Henry-Stark Counties Special Education District No. 801  
Kewanee, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Assets and Liabilities Arising from Cash Transactions of each fund and each account group as of June 30, 2024, and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balances (All Funds), the Statement of Revenues Received (All Funds), and the Statements of Expenditures Disbursed - Budget to Actual for the year then ended and the related notes to the financial statements of Henry-Stark Counties Special Education District No. 801 (the District), which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 22, 2024. Our opinions were adverse due to the financial statements not being prepared in accordance with accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated on the regulatory basis of accounting, in accordance with financial reporting provisions of the Illinois State Board of Education as described in Note #1.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2024-001 that we consider to be a material weakness.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **The District's Response to Findings**

*Government Auditing Standards* require the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The District's responses were not subjected to other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

Note #1 - Summary of Significant Accounting Policies

The District's accounting policies conform to the modified cash basis of accounting as prescribed by the Illinois State Board of Education within Title 23 Education and Cultural Resources of the Illinois Administrative Code. Part 100 of Title 23 provides the requirements for accounting, budgeting, financial reporting, and auditing of school districts within the State of Illinois.

A. Principles Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

*Component Units* - The criteria to be considered a component unit are, but are not limited to, whether Henry-Stark Counties Special Education District No. 801, exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

No other entities have been determined to be part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are, therefore, excluded from the accompanying financial statements because the District does not control the assets, operations, or management of any other entities. In addition, the District is not aware of any entity which would exercise such oversight as to result in the District being considered a component unit of the entity.

B. Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed. The District maintains individual funds required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education.

District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

*Governmental Funds* – Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

*Fiduciary Funds* – Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds.

The Health Insurance Deductible Reimbursement Plan is a Trust Fund. It accounts for assets held by the District as an agent for the teachers and other employees of the District. This fund is custodial in nature and does not involve the measurement of the results of operations. The net assets available for benefits are shown as a reserved fund balance in these financial statements.

Note #1 - Summary of Significant Accounting Policies (cont'd.)

B. Basis of Presentation - Fund Accounting (cont'd.)

*Governmental and Funds - Measurement Focus* - The financial statements of all Governmental Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

*General Fixed Assets and General Long-Term Debt Account Group* - All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. The District records purchases of property and equipment as expenditures of various funds when paid. The District adopted a formal capitalization policy wherein fixed assets or additions greater than \$5,000 are charged to capital outlay. Purchases greater than \$500, yet less than \$5,000, that have lives that extend beyond one year are classified as non-capitalized equipment. Purchases less than \$500 that are consumed within the fiscal year are treated as supplies. The District follows state and federal grant guidelines where applicable. The District maintains a detailed list of property and equipment purchased for insurance purposes.

No depreciation has been provided on fixed assets in these financial statements. The Illinois State Board of Education's Annual Financial Report (ISBE Form SD50-35/JA50-60) includes depreciation of \$10,761 and accumulated depreciation totaling \$210,721. Depreciation has been computed over the estimated useful lives of the assets using the straight-line method.

The estimated useful lives are as follows:

Depreciable Land	50 years
Buildings	
Permanent	50 years
Temporary	20 years
Infrastructure Improvements other than Buildings	20 years
Capitalized Equipment	3-10 years

Long-term liabilities expected to be financed from Debt Services Funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sales of bonds are included as receipts in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group. During the fiscal year ended June 30, 2024, there were no long-term liabilities.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results or operations.

C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the account and how they are reported in the financial statements. The District maintains its accounting records for all funds and account groups on the modified cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash-basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Note #1 - Summary of Significant Accounting Policies (cont'd.)

D. Budgets and Budgetary Accounting

The budget for all Governmental Funds is prepared on the modified cash basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17.1 of the Illinois Compiled Statutes. The original budget was passed on August 11, 2023, and was later amended on June 13, 2024. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected on the financial statements:

1. Prior to July 1, the Director submits to the Governing Board a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to September 1, the budget is legally adopted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year.
5. The Governing Board may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Governing Board may amend the budget (in other ways) by the same procedures required of its original adoption.

E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and time deposit (savings) accounts. Cash equivalents include amounts in time deposits and other investments with original maturities of less than 90 days.

F. Investments

Investments are stated at cost or amortized cost, which approximates market. The District, under 30 ILCS 235/2, may legally invest in all securities guaranteed by the full faith and credit of the United States, as well as interest-bearing savings accounts, certificates of deposit, or time deposits constituting direct obligations of banks insured by FDIC and savings and loan associates insured by FSLIC. The District may also invest in short-term obligations of the Federal National Mortgage Association, the Public Treasurer's Investment Pool, and all interest-bearing obligations of the State of Illinois.

G. Inventories

Inventory consists of expendable supplies held for consumption. The cost is recorded as an expenditure disbursed at the time the individual inventory items are purchased.

Note #1 - Summary of Significant Accounting Policies (cont'd.)

H. Fund Balances

In accordance with Government Accounting Standards, fund balances are classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance.

*Nonspendable* - The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. \$5,292 is considered nonspendable as of June 30, 2024.

*Restricted* - The restricted fund balance classification refers to amounts that are subject to outside restrictions not controlled by the entity, such as restrictions imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. The District has certain funds that are, by definition, restricted for specified purposes. These funds consist of the reserved amounts in the Educational Fund as identified in Note #2.

*Committed* - The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority (the Governing Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The Governing Board commits fund balance by making motions or passing resolutions to adopt policies or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The District has no committed balances as of June 30, 2024.

*Assigned* - The assigned fund balance classification refers to amounts that are constrained by the government’s intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by the Governing Board itself by assigning amounts to be used for specific purposes. As of June 30, 2024, the District has an assigned fund balance of \$218,129 in the Educational Fund consisting of \$98,745 for IMRF and Social Security purposes and \$119,384 for Tort purposes.

*Unassigned* - The unassigned fund balance classification is the residual classification for amounts in the general fund (Educational) for amounts that have not been restricted, committed, or assigned to specific purposes within the general funds.

It is the District’s policy to consider restricted resources to have been spent first when an expenditure is incurred for which both restricted and unrestricted (i.e. committed, assigned or unassigned fund balances) are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

The District follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which is a special purpose reporting framework. The regulatory basis reports Reserved and Unreserved fund balance. See Note #2 below for more detail.

Note #1 – Summary of Significant Accounting Policies (cont'd.)

I. Leases

The District accounts for leases as follows:

*Lease contracts that transfer ownership* – lease expenditures are recognized in the individual funds as capital outlay and included in the General Fixed Assets Account Group when paid.

*All other lease contracts* – lease expenditures are recognized in the individual funds as purchased services when paid.

No right-of-use asset and corresponding liability has been recorded in the financial statements in accordance with the basis of accounting described in this note.

J. Subscription-Based Information Technology Arrangements

The District accounts for subscription-based technology arrangements by recognizing expenditures in the individual funds as purchased services when paid. No right-of-use asset and corresponding liability has been recorded in the financial statements in accordance with the basis of accounting described in this note.

K. Use of Estimates

The preparation of financial statements in conformity with the guidelines prescribed by the Illinois State Board of Education requires the use of management's estimates and assumptions that affect the reported amount of assets and liabilities arising from cash transactions and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues received and expenditures disbursed during the reporting period. Accordingly, actual results may differ from those estimates.

Note #2 - Regulatory Fund Balances

The District follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which consists of Reserved and Unreserved Fund Balances. Reserved Fund Balances results when constraints placed on fund balance use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation. Unreserved Fund Balances consists of a fund balance that does not meet the criteria of the preceding category.

The District has the following categories of reserved fund balances:

*Trust and Agency Funds* - The District had a trust account for their Health Insurance Deductible Reimbursement Plan which totaled \$19,599 as of June 30, 2024. This balance is included in the financial statements as reserved in the Trust and Agency Fund.

*State Grants* - Proceeds from state grants and the related expenditures have been included in the Educational Fund. Expenditures disbursed exceeded revenue received for those specific purposes, resulting in no reserved fund balance.

HENRY-STARK COUNTIES SPECIAL EDUCATION DISTRICT NO. 801  
 NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024

Note #2 - Regulatory Fund Balances (cont'd.)

*Federal Grants* - Proceeds from federal grants and the related expenditures have been included in the Educational Fund. Expenditures disbursed exceeded revenue received for those specific purposes, resulting in no reserved fund balance.

*IMRF/Social Security* - The District has assessed member districts for IMRF and Social Security expenditures. The revenue received and expenditures disbursed have been included in the Educational Fund. As of June 30, 2024, Revenue received exceeded expenditures disbursed, resulting in an assigned balance of \$98,745. This balance is not shown as reserved in these statements.

*Tort* - The District has assessed member districts for Tort expenditures. The revenues received and expenditures disbursed for this purpose have been included in the Education Fund. As of June 30, 2024, Revenue received exceeded expenditures disbursed, resulting in an assigned balance of \$119,384. This balance is not shown as reserved in these statements.

*Student Activity Funds* - The District has Student Activity Funds that are included in the Educational Fund balance. The net expenditures over revenues have been included resulting in a reserved balance as of June 30, 2024, of \$10,927.

When both reserved and unreserved resources are available for use, it is the District's policy to use reserved resources first to finance qualifying activities, then unreserved resources as they are needed.

Note #3 - Deposits and Investments

The District is allowed to invest in securities as authorized by the District's Investment Policy, Section 2.5 of the Public Funds Investment Act (30 ICS 235), and Section 8-7 of the School Code of Illinois (105 ILCS 5).

A. Custodial Credit Risk Related to Deposits with Financial Institutions

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's general investment policy requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by securities eligible for District investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's, or Fitch. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The District's investment policy states the preferred method for safekeeping of collateral is to have securities registered in the District's name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board's Statement III, Category I, the highest recognized safekeeping procedures.

As of June 30, 2024, none of the District's deposits were exposed to custodial credit risk.

B. Investments

As of June 30, 2024, the District had no investments.

JUNE 30, 2024

Note #5 – Pension Disclosures

The District contributes to two defined benefit pension plans: the Teachers Retirement System (TRS), and the Illinois Municipal Retirement Fund (IMRF). TRS is administered by the TRS board of trustees and is a cost sharing multiple employer plan. IMRF is administered by IMRF board of trustees and is an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for both plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The aggregate employer recognized pension expense on a modified cash basis for the year ended June 30, 2024, was \$44,769

A. Teacher’s Retirement System of the State of Illinois

*Plan description* - The employer participates in the Teachers’ Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor’s approval. The TRS Board of Trustees is responsible for the System’s administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/acfrs/fy2023>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

*Benefits provided* - TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different than Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member’s first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member’s first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lumpsum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

Note #5 – Pension Disclosures (cont'd.)

A. Teacher's Retirement System of the State of Illinois (cont'd.)

*Contributions* - The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year June 30, 2024, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

*On behalf contributions to TRS* - The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2024, state of Illinois contributions recognized by the employer were based on the state's proportionate share of with the pension expense associated with the employer, and the employer recognized revenue and expenditures of \$3,254,062 in pension contributions from the state of Illinois.

*2.2 formula contributions.* Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions remitted for the year ended June 30, 2024, were \$32,934.

*Federal and special trust fund contributions* - When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2024, the employer pension contribution was 10.60 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2024, salaries totaling \$-0- were paid from federal and special trust funds that required employer contributions of \$-0-. Contributions remitted for the year ended June 30, 2024, were \$-0-.

*Employer retirement cost contributions* - Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2024, the employer paid \$-0- to TRS for employer contributions due on salary increases in excess of 6 percent and \$-0- for sick leave days granted in excess of the normal annual allotment.

*Pension expense* - For the year ended June 30, 2024, the employer recognized TRS pension expense of \$32,934 on a modified cash basis under this plan.

Note #5 – Pension Disclosures (cont'd.)

B. Illinois Municipal Retirement Fund

*Plan description* - The District’s defined benefit pension plan for non-certified employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District’s plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF’s pension benefits is provided in the “Benefits Provided” section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan’s fiduciary net position, and required supplementary information, for the plan as a whole, but not for individual employers. That report is available for download at <https://www.imrf.org/en/publications-and-archive/annual-financial-reports>.

*Benefits provided* - IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff’s Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011. The ECO plan was closed to new participants after that date.

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

1. 3% of the original pension amount, or
2. 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Employees covered by benefit terms* - At December 31, 2023, the following employees were covered by the benefit terms:

Retirees or Beneficiaries currently receiving benefits	39
Inactive employees entitled to but not yet receiving benefits	165
Active employees	<u>98</u>
Total members	302

*Contributions* - As set by statute, the District’s Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of their own employees. The District’s annual contribution rates for the calendar years 2023 and 2024 were 0.83% and 0.80%, respectively. For the fiscal year ended June 30, 2024, the District contributed \$11,835 to the plan, which is the recognized pension expense on the basis of accounting described in Note #1. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF’s Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note #6 – Other Post-Employment Benefits

The District participates in two Post Employment benefit plans Other than Pensions. The two plans are the Teacher’s Health Insurance Security (THIS) Fund and their own health insurance plan. All IMRF employers are required by State statutes to allow retirees to continue on their health plans.

A. Teacher Health Insurance Security

The employer participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers’ Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor’s approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

*On behalf contributions to the THIS Fund* - The state of Illinois makes employer retiree health insurance contributions on behalf of the employer. State contributions are intended to cover the actuarial costs to the THIS Fund that are not covered by contributions from active members which were 0.90 percent of pay for the year ended June 30, 2024. State of Illinois contributions were \$37,032, and the employer recognized revenue and expenditures of this amount during the year.

*Employer contributions to the THIS Fund* - The employer also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.67 percent during the year ended June 30, 2024. Contributions remitted for the year ended June 30, 2024, were \$38,616.

*Further information on the THIS Fund* - The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (<http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>). The current reports are listed under “Central Management Services” (<http://www.auditor.illinois.gov/Audit-Reports/CMS-THISE.asp>). Reports prior to FY2013 are available under “Healthcare and Family Services” (<http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp>).

B. Post-Retirement Health Care Plan

*Plan Description* - The District provides post-retirement health care benefits for the retirees and their dependents through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual and union contracts. The plan is not accounted for as a trust fund, and an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report.

The District provides limited health care coverage at the active employee rate to all eligible employees in accordance with Illinois Statutes, which creates an implicit subsidy of retiree health care coverage. To be eligible for benefits, an employee must qualify for retirement under one of the Districts retirement plans. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer.

*Funding Policy* - Current policy is for the District to pay for post-retirement health care benefits or premiums as they occur. The District requires retirees to contribute 100% of the premium for their desired coverage.

*Contributions* - Contributions made by the District during the fiscal year ended June 30, 2024, were \$-0-. The District did not have an actuarial valuation performed for the plan as of June 30, 2024.

---

**3. Criteria or specific requirement**

Internal Controls should be designed to allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements and safeguard assets. A concept in a good system of internal control is adequate segregation of duties.

---

**4. Condition**

Two individuals have the primary responsibility for performing most of the accounting and financial duties, including key functions of recording, reconciling, and reporting cash transactions. This structure reduces certain aspects of the internal control system which rely on adequate segregation of duties.

---

**5. Context**

All District accounting and financial records are maintained by two individuals.

---

**6. Effect**

Certain individuals have the ability to complete and record accounting functions which ideally would be segregated.

---

**7. Cause**

Limited funding precludes the hiring of additional staff.

---

**8. Recommendation**

Segregation of duties is normally difficult to accomplish within a small governmental entity. Management should be ever mindful of areas that could be improved including, but not limited to, hiring additional personnel.

---

**9. Management's response**

Currently, the district relies on management oversight and budgetary controls to help mitigate the effects of a limited number of accounting personnel. The District will review the internal control system annually and when the benefits of hiring additional personnel can be realized on a cost effective basis, the district will pursue this option.
